	Current use taxation	The Public Benefit Rating System and the Timber Land programs provide incentives to encourage landowners to voluntarily conserve and protect land resources, open space, and timber. In return for preserving and managing resources, the land is assessed at a value consistent with its "current use" rather than the "highest and best use." The reduction in assessed land value is greater than 50 percent and as much as 90 percent for the portion of the land participating in the program. http://www.kingcounty.gov/environment/stewardship/sustainable-building/resource-protection-incentives.aspx	Bill Bernstein - 206.477.4643 bill.bernstein@kingcounty.org or Megan O'Brian - 206.477.4788 megan.obrian@kingcounty.gov
